

ITEM NO. :T3225BU-J-C

ASSEMBLY INSTRUCTIONS

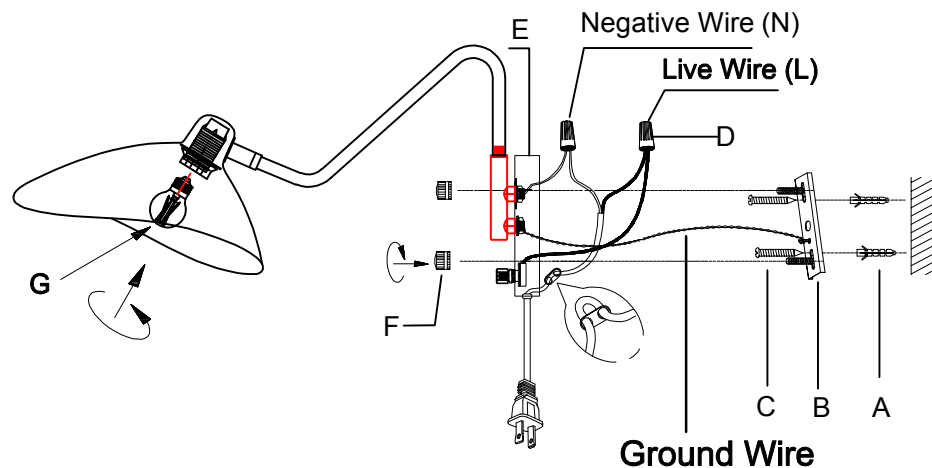

1. Loosen the hex nut around the bolt (B) and screw in or unscrew the bolt from the junction box to get the right length for installation.
2. Install the mounting plate (A) on the outlet box by using the screws (C).
3. Connect the fixture wire to the mains wire by wire nuts (D), black wire with live wire, white wire with negative wire, ground wire with ground wire.
4. Fix the lamp body (E) to the mounting plate (A) by the ball nuts (F).
5. Screw the bulb (G) into the lamp holder.

Please consult a qualified Electrician if you are not familiar with electrical wiring.

Installation Process With a Junction Box

Installation Process Without a Junction Box

Note: The way to differ the negative wire from the live wire is that a white line is printed on the cover of the negative wire.
